

The Deputy Director of Central Intelligence

Washington, D C 20505

82-1729/2

(DCI/ICS 82-4299)

MEMORANDUM FOR: Dr. Alton G. Keel, Jr.  
Associate Director, National Security  
and International Affairs, OMB

SUBJECT: Intelligence Community Long-Range Strategic Planning

1. The Intelligence Community will begin the 1982-1983 Long-Range Strategic Planning process in the near future with a meeting of the Executive Steering Group, which I will chair. The membership of the group represents senior leaders from the Community, and initially they will address the relative priorities of substantive intelligence issues and other challenges we face.

2. A working group representing all elements within the Community will develop specific plans in response to the Executive Steering Group's guidance and direction.

3. From time to time, I would like your participation with the Executive Steering Group on appropriate items. On the premise that you will find the invitation both interesting and rewarding, I will ask [redacted] Director of the Intelligence Community Staff and a member of the Group, and [redacted] the Group's Recording Secretary, to meet with and brief you on our plans and current status. I will look forward to your participation in the near future.

John N. McMahon
